

BLACK JACK CHARITY CARD NIGHT

At Wish House we are dedicated to brightening up the lives of terminally ill children by making their wishes come true.

We aim to install 'Wish Boxes' into wards that care for terminally ill children. These boxes contain quality toys and games designed to break up the monotony of long hospital stays.

...to provide grants for families of terminally ill children to help make their lives a little easier.

...to provide fund a last wish, whether it be swimming with dolphins in Florida, or meeting celebrities from footballers to pop stars.

Medical professionals acknowledge that the positive distractions can be effective in reducing the pain and stress levels that these children endure.

The specific wishes can be as varied and compelling as the children themselves.

We want to give those who have a few tomorrows... a Happy Time Today!

CRAZYHORSE (01925 243438) PROMOTIONS PRESENT:
